### ANTI-WRINKLE TREATMENT

1 area: £145

2 areas: £175

3 areas: £205

Bunny lines & Eyebrow lift additional £30:00

Anti-Wrinkle Injections are a simple, safe, and effective way to eliminate unwanted facial lines and deep wrinkles. They work to relax facial muscles making lines and wrinkles, such as worry lines, crow's feet and frown lines, less obvious. The result is a softer, younger and more rejuvenated appearance.

### HYPERHIDROSIS (EXCESSIVE SWEATING)

£350

Hyperhidrosis is treated by using injections. This is a quick and straightforward method, which is highly effective and can be life changing for those who are troubled by excessive sweating. When used to treat axilla (underarm) hyperhidrosis, Botulin in the armpits is administered via a series of injections to prevent the sweat glands from excessive sweating.

### DERMAL FILLER

1ml £170

2ml £320

3ml £470

Face and lip fillers (dermal fillers) are substances injected into your face. They fill lines and wrinkles and add volume to areas such as your lips or cheeks. Fillers are not permanent. How long they last depend on things like the type of filler and where it's -

injected. They usually last between 6 and 18 months. Most dermal fillers used in the UK contain a natural substance called hyaluronic acid.

Juvéderm on request price will vary.

## DERMAL FILLER AREAS

Lips

Cheeks

Jaw

Chin

Nasolabial folds

Marionette folds

## 8 POINT FACELIFT

£595

The 8 point facelift involves injecting of dermal filler to a specific sequence of targets areas of the mid-face. The result is to lift, contour and revitalise the whole mid and lower face. Volume in female clients is defined by natural smooth curves and a youthful appearance.

## 30 MINUTE NOSE JOB (NON-SURGICAL RHINOPLASTY)

£170

The non-surgical nose job consists of fillers being injected into specific nose areas to achieve the desired look. Non-surgical rhinoplasty is perfect for those who want to temporarily address issues like a small bump, a drooping nasal tip, and asymmetry.

## VIT B12 INJECTION

£30

It increases energy levels and concentration, may improve metabolism, boosts the immune system, and aids in restful sleep. Since this vitamin is essential for DNA synthesis, nerve cell health, red blood cell formation, and neurological function.

## VIT C INJECTION

£30

Improves general health and wellbeing, reduces fatigue and improves the look and quality of skin.

## BIO REPEEL

£60 (recommended every 4 weeks for 3 months)

BioRePeel is an innovative peel treatment, using patented 2-phase technology. This provides a bio-stimulating, revitalising and peel-like effect. The combination of these components results in a mild exfoliation, stimulating the biosynthetic process, restoring the structure of the skin. This process decreases damage from UV light, pigmentation and acne scars and effectively preventing the ageing of skin. The treatment is suitable for all skin types, including those with fine line wrinkles, acne, fresh scarring and blackheads.

The synergy of the individual components of the product restores the optimal physiological conditions of the skin, making the product no longer just a peeling, but a complete medical aesthetic and dermatological treatment, ideal for every medical need thanks to its antioxidant and moisturising action.

## PROFHILIO

£220 per treatment x 1 required once a month,

Total 2 treatments Ultra-pure hyaluronic acid is precisely injected into the area being treated. Unlike wrinkle reducing and dermal filler treatments, Profhilo® stimulates collagen and elastin, attracting water in the deeper layers of the skin.

## AQUALUX FAT DISSOLVING

Starting from £85

Areas that can be treated: Thighs, Knees, Below buttocks, Hips, Stomach, Chin. Aqualyx®, developed for the non-surgical reduction of localised fat under the skin is a gel-based aqueous solution, which dissolves fat and is biocompatible and biodegradable. Aqualyx® works by causing the dissolution of fat cells. The body then expels the released fatty acids naturally.

## LUMI EYE MESOTHERAPY

£95 min 2 treatment course for best results Lumi Eyes differs from other similar treatments as it focuses on boosting the tissues beneath the skin, stimulating skin cells, collagen and elastin production for effortlessly natural results. It also offers long-term skin rejuvenation with a top-up course of therapy required just twice a year in most cases.

## OBAGI NU-DERM (on request)

OBAGI Nu-Derm Fx Transformation System N/Dry £363

OBAGI Nu-Derm Fx Transformation System N/Oily £363

A system that has been formulated to rejuvenate and transform the skin by significantly reducing fine lines and sun related laxity for a healthier looking appearance. In conjunction with treatments for hyperpigmentation while preparing the skin to take on the uniquely formulated active ingredients. Not only improving signs of aging and preserving beautiful, healthy-looking skin but lifting impurities from the skin to enhance skin natural complexion

## HYALURONLDASE (filler dissolving)

£250

Hyaluronidase is a soluble protein enzyme that is typically used to break down the hyaluronic acid found in dermal filler. The solution works by breaking up the bonds that hold the HA molecules together— and encourages the body to reabsorb those molecules in a natural process that it knows how to do on its own
